

# Facilities Management

The Facilities Management Department is responsible for the oversight, maintenance and management of all County-owned facilities. New construction, remodel and real property services are also provided for all County departments. Budgets included in this section are the Facilities Management and REET Capital Projects Funds, and the Building Remodel Projects account in the General Fund.

## **Major Accomplishments in 2008**

Facilities Management was actively hiring and filled eight vacant positions in 2008. We were also assigned management of the County's new program area – security. The new position of Security Manager oversees the new program area of security. This Countywide function now resides within the Facilities Department by Executive directive. Responsibilities include coordination of security issues related to new and remodel construction projects, vendor contract management, and policy and procedure development.

The Construction Division hired a Construction Project Manager and an Assistant Project Manager. Significant projects completed were the second phase of the County-City Building Courts Remodel, the County-City Building Tacoma Avenue East project, the Emergency Operations Center at the Annex West, and the New Jail Kitchen Remodel.

Restructuring of our Maintenance Division began with the hire of our new Maintenance and Operations Division Manager. Completed maintenance projects include jail HVAC duct cleaning, design and installation of secure shower doors for the jail, Human Services flooring replacement, and remodeled space in the 945 Building for the Veterans' Bureau.

Our Real Property Division closed on seven Conservation futures properties and continues to provide support to Economic Development with their Clear Zone project. We also agreed to provide property management services for Public Works related to their Right-of-Way acquisitions.

## Capital Improvement Projects

### General Fund

**Departmental Summary:**

This account funds major building remodeling projects, acquisition of capital assets, and improvements to county owned or leased facilities.

**Budget Highlights:**

The 2009 budget simply reflects a \$500,000 allocation for the acquisition of clear zone property near the McChord runway. This amount is to be used as match for federal and state grants.

# Facilities Management Fund

*Internal Service Fund*

---

**The mission of the Facilities Management department is twofold: 1) cost effective provision of safe, clean, and pleasant facilities for citizens and staff, 2) preservation of value of County real property assets.**

---

**Departmental Summary:**

The Facilities Management Department manages County-owned facilities and real property, and is responsible for providing a safe, clean and well-maintained atmosphere in which to conduct public business. County-owned facilities include the County-City Building, Public Services Building, Annex West Building, East, West and Peninsula Sheriff's Precincts, LESA 911 Communications Building, Medical Examiner Building, New Jail, Main Jail, 950 Building, 901 Building, 911 Building, 925 Building, District Court at 96th & Hosmer, the Remann Hall Juvenile Detention facility, the Human Services buildings, the Fleet Garage, Public Parking Garage the new Roads East Central Maintenance Facility, and the new Central Maintenance facility. In addition to routine repairs, the department manages a preventive maintenance program for major equipment and building components; completes remodels on a limited basis; provides assistance and consulting services to building tenants for electrical, plumbing, carpentry, HVAC, remodeling and other tasks; and ensures buildings meet safety, fire and disability code requirements.

Facilities Management also oversees planning and construction or renovation of County facilities; negotiates and oversees agreements for the majority of facilities leased by Pierce County; oversees site-related property acquisition; and manages contracts for timber management, parking lot management, food services, and security services. The department also oversees building and campus security functions for the county.

Construction management activities include planning and oversight of construction projects, and management of related contracts with architects, engineers, and construction companies. Construction management activities are charged directly to construction projects and therefore are not reflected in this fund.

Facilities Management is also responsible for grounds maintenance of the County-City Building and Parking Garage, Public Services Building, Remann Hall, West Precinct, East Substation, Peninsula Precinct, Medical Examiner's Building, District Court Building at 96<sup>th</sup> Street, Annex West Building, Water Programs Building and Public Works Shops.

**Budget Highlights:**

The 2009 Facilities Management Fund budget is 7.6% above the 2008 budget. This level of increase will fund:

- a) On-going maintenance and repair activities (adjusted for inflation);
- b) A full year of maintenance expenses at new county facilities; and
- c) Implementation costs for the new Lenel security system.

**Facilities Management Fund**

**Performance Measures**

- 1) Facilities Management will continue to increase the knowledge of maintenance staff to provide service to client departments and County-owned facilities by cross-training the remaining 40 percent of Facilities Maintenance staff on the remaining 25% of facilities maintained by Facilities Management Department. *(Goals H, J)*
- 2) Facilities Management will evaluate all custodial supplies and practices used in the care and cleaning of County facilities and introduce more environmentally friendly custodial cleaning products and practices into its operations. We will also reduce custodial supplies expenditures by at least 10% in 2009 as compared to 2008. *(Goals G, H)*
- 3) Facilities Management will retrofit two restrooms, at each of two facilities, with more environmentally friendly products and less consumptive fixtures. Performance evaluation will be conducted to determine cost effectiveness, maintenance upkeep and user feedback. *(Goals G, H)*
- 4) By the end of 2009 the Real Property Division will evaluate and develop a strategy for all tax title properties, which will involve categorizing the properties and developing plans for those properties which are marketable with a goal of putting them back to a productive use by either private ownership or a governmental agency. *(Goal B, H)*
- 5) Facilities Management, in conjunction with Purchasing and the Office of Prosecuting Attorney, will review, evaluate and propose changes to the existing County construction contract template - general and special conditions - with the outcome goal of having a new set of documents that reflect industry and county best practices by the end of 2009. *(Goals E, G, K)*

**BUDGET RATIOS**

**Square Feet Maintained per Staff**

❖ From 1998 to 2008 the number of square feet maintained per Facilities Management staff, except gardeners, increased 38%. The ten year average is 30,031.

**Service Calls per Staff**

❖ From 1998 to 2008 the number of service calls per custodial/maintenance staff in Facilities Management increased 40%. The ten year average is 562.

**Operating Cost per Square Foot**

❖ From 1998 to 2008 the operating cost per square foot for buildings maintained by Facilities Management decreased 14% after adjusting for inflation. The ten year average is \$7.61.

## REET Capital Improvement Fund

### Capital Project Fund

**Departmental Summary:**

The 1<sup>st</sup> REET Capital Improvement Fund is financed through an allocation of 72% of the Real Estate Excise Tax on the sale of real property in unincorporated Pierce County. The monies allocated to the Capital Improvement Fund are used to finance new capital improvement projects or major repairs/enhancements to existing County structures and facilities.

**Budget Highlights:**

The 2009 REET Capital Improvement Fund budget totals approximately \$3.6 million. The proposed projects and activities (staff and support costs, debt service, and capital improvements) are shown in the Project Summary Table on the next page.
