

**A hostage situation occurs at a junior high school...
or a major chemical spill at a manufacturing site...
or flooding is imminent during the middle of the night...
or you need to know about available resources !!**

The screenshot shows the login page for the Pierce County Department of Emergency Management Information Portal. At the top, there is a logo with the text 'Pierce County Department of Emergency Management Information Portal'. Below the logo, a paragraph states: 'The DEM Information Portal is here to provide tactical, strategic and administrative assistance to members of the Pierce County Department of Emergency Management.' Underneath, it says 'Please Sign In' in red. There is a login form with fields for 'LOGIN:' and 'PASSWORD:', and an 'Enter' button. Below the form, it says 'Don't have an account yet? Not a problem. Click on "Set Up My Account" and follow the steps.' There are three buttons: 'Set Up My Account', 'I Forgot My Password', and 'Change Password'. At the bottom, it says 'Department of Emergency Management, Emergency Management Division, Phone: (253) 798-6595'. A note at the very bottom says 'Note: This site is optimized for Internet Explorer 5.x or newer.'

As a First Responder or member of an EOC in Pierce County, there is a wealth of information at your fingertips with the **"DEM Secured Portal"**

Join us in learning how to use this critical tool in a hands-on classroom setting with internet access.
