**10.7.1 Illegal Dumping**..... 10-28  
*Need --- To identify the extent of the problem*..... 10-28

<i>Need --- To identify and remove institutional or legal barriers that make enforcement programs too costly or ineffective</i>	10-31
<i>Need ---To develop coordinated prevention and cleanup and enforcement programs</i>	10-32
<i>Need-- To develop a coordinated measurement system to monitor the effects of preventive and enforcement programs</i>	10-36
<i>Need -- To find ways to coordinate the financing of new prevention programs for illegal dumping</i>	10-36
Table 10.7 Evaluation of Illegal Dumping Alternatives	10-39 through 10-47
<b>10.7.2 Other Financing Issues</b>	10-48
<i>Issue #1 - If Pierce County and LRI fail to negotiate a new contract</i>	10-48
<i>Issue #2 - If cities and towns discontinue association with Pierce County for disposal services</i>	10-49
<i>Issue #3 - If haulers or generators decide to flow waste outside the established Pierce County system</i>	10-49
<i>Issue #4 - If waste reduction and recycling programs become “too successful” in diverting waste</i>	10-49
<i>Issue #5- If long-haul related tipping fee increases result in tonnage declines</i>	10-50
<i>Issue #6 -If there is public pressure to discontinue subsidies for non-disposal programs</i>	10-50
<i>Issue #7 - If the State changes the way it gives out grants</i>	10-50
