This PDF document may have been modified and may not be representative of the contents in the official Bike Map. Pierce County is not responsible for any variations from the official Bike Map.

The map features are approximate and are intended only to provide an indication of said feature. Additional areas that have not been mapped may be present. This is not a survey. Orthophotos and other data may not align. The County does not guarantee the accuracy of the information provided. Pierce County assumes no liability for variations ascertained by actual survey. ALL DATA IS EXPRESSLY PROVIDED ‘AS IS’ AND ‘WITH ALL FAULTS’. The County makes no warranty of fitness for a particular purpose.

This map and accompanying information is intended solely to assist bicyclists in their selection of facilities to ride throughout Pierce County. In providing this information, Pierce County does not designate these facilities as formal bikeways. Pierce County also does not assume liability for bicyclists who choose to travel upon any of the facilities shown on this map, nor does the County guarantee the safety, condition or fitness of any of the listed facilities for bicycling.

Many of the facilities identified on this map are off-road public roads that are exposed to daily wear and tear and degradation due to weather, motorized traffic, and other environmental factors. Facilities may contain pavement imperfections, including ruts, cracks, and bumps. Riders may encounter expansion joints, debris, encroaching vegetation, stormwater inlets, and other natural and manmade features. Riders should also be alert for areas of visual impairment and other irregularities that may impact rider and motorist ability to see each other or potential road hazards. The chance that one may come into an area of visual impairment or road hazards is to be expected in any shared-use space.

It is the responsibility of the individual rider to remain alert at all times as to the conditions of the facility, pedestrian and other traffic on the facility, and the inherent potential for conflict in any shared-use space. Riders should always ride with care for their own safety as well as the safety of all other users of the facility or right-of-way. This map includes facilities within multiple jurisdictions. Conditions and design elements may vary between jurisdictions.
